

VICTAM

International

“working with you to build a better industry & future”

Victam is a non-profit Dutch foundation that primarily organises exhibitions and conferences for the animal feed and grain processing industries.

These international events have been held in Utrecht, The Netherlands and Bangkok, Thailand.

Our forthcoming events are Victam Asia 2010, Bangkok 3-5 March 2010, and a new venue replacing Utrecht, which is Cologne. This trade show and conference will take place from 3 – 5 May 2011.

- 
- We have a wide range of international exhibitors at our events, some supplying specialist ingredients and machinery for the production of animal feeds, whilst others provide ancillary equipment that can be used in related industry sectors.
 - For some time now our events have become more focused on grain processing, handling and storage.
 - We have therefore launched new exhibitions and conferences that will be co-located with Victam.....

The GRAPAS events:

- These new events will profile flour & rice milling, pasta & noodle production, grain processing, breakfast cereal and extruded snack manufacture. In fact grain based human food that needs processing.
- The aim of these two trade shows and their conferences are to bring together suppliers of ingredients, specialist & ancillary equipment and systems with their clients – millers, grain processors, government departments, food processors, etc.
