

# GOLFETTO SANGATI

*Flour Milling & Grain Handling* Pavan Group

**PROCESSING YOUR GRAIN SINCE 80 YEARS**  
Strengthened by our depth of experience, we design, build and install custom designed grain processing plants. Complete systems for grain loading and unloading, grain milling, animal feed milling and production of extruded feeds, maize milling, bio-fuel preparation plants and rice milling are engineered and built with advanced technology and personalized for diverse worldwide operational requirements.

**80TH ANNIVERSARY**  
1929 - 2009

## The Activity

- Wheat flour and Durum mills
- Maize mills
- Feed mills
- Rice mills
- Ship loading and unloading systems
- Raw material and finished product storage systems

# The Ultimate Technology

# SEMOLINA® HP

**Design For Your Profit**

# SEMOLINA® HP

## Main features

- Totally new restyling
- Improved sanitation
- Improved Safety
- More production efficiency
- Reliable and ease of operation with minimal maintenance and running costs

# The Force
